

CALHOUN CUSD #40
ATHLETICS
EXTRACURRICULAR
CODE

2024-25

Updated June, 2024

Introduction

Extracurricular activities at Calhoun CUSD #40 provides students with opportunities for success and unforgettable memories.

Successful achievement does not occur by chance or by skill alone. There is another ingredient which cannot be measured, but is readily recognized by every parent, fan, sponsor, coach, or participant. It is a "positive attitude." When a team or individual takes the position against an opponent, this attitude is prevalent. This reflects a school's commitment, desire, determination, leadership, and character.

Participants in extracurricular activities are required to conduct themselves as good citizens and exemplars of their school at all times, including after school, on days when school is not in session, and whether on or off school property. (Calhoun School Board Policy 7:240)

Statement of Affiliation: IHSA and IESA

Eligibility for most athletics is also governed by the rules of the Illinois High School Association and the Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Extracurricular Athletic Code. In the case of a conflict between the two codes, the most stringent will apply.

IHSA and IESA rules must be followed in all cases of student eligibility, transfer, physical examination, starting dates for practices/events, use of school equipment, etc. Each Calhoun CUSD #40 coach has the responsibility of knowing, understanding, informing players, and enforcing school and association regulations.

Extracurricular Activities are a Privilege

Participation in student activities and athletics is considered an extension of, but separate from, the regular school program. While the regular program is a right afforded to each student, participation in athletics is a privilege. This privilege requires that students meet certain expectations beyond those found in the traditional classroom setting. With this privilege comes certain responsibilities: responsibilities associated with being a positive representative of the school, being a good role model, and making good decisions concerning physical health and well-being.

Since participation is a privilege, the district gives each school the authority to suspend or revoke this privilege for those who do not conduct themselves in a responsible manner as determined by Calhoun CUSD #40.

The rules set forth in the Extracurricular Code are in effect throughout the school year, 365 days, 24-hours a day, whether or not school is in session and includes vacation periods and holidays. The rules apply to both on and off campus and regardless of whether the misconduct occurs at school or at a school-sponsored activity or in some other locale.

Conference Fan, Guest and Spectator Rules

The following are rules promoted and enforced at all home and away games:

- Any person, including adults, who behaves in an unsportsmanlike manner during an athletic or extracurricular event, may be ejected from the event. The person can be barred from attendance for up to one calendar year for conduct that includes: vulgar or obscene language, possessing or being under the influence of any alcoholic beverage or illegal substance, possessing a weapon,

fighting or otherwise striking or threatening another person, failing to obey the instructions of a district employee, and engaging in an activity, which is illegal or disruptive.

- Elementary students must be picked up on time after the scheduled event or they may forfeit the right to attend future events.
- Lower-grade level students (K-5th grade or younger) MUST BE ACCOMPANIED AND SUPERVISED BY AN ADULT.
- Absolutely no person shall be allowed to climb the closed or partially closed bleachers in the gymnasium for any reason.
- Absolutely no person shall be allowed to travel beneath the bleachers in the gymnasium for any reason. Only Calhoun CUSD #40 employees who are supervising the events shall be allowed to retrieve items from under the bleachers. The metal framework under the bleachers must not be stepped on or touched.
- Clothing should be appropriate for school events.
- Guests must stay off the court or field during the event.
- Guests may not loiter outside of the buildings.
- Doors will open for visitors 30 minutes prior to the start time for an event.

Absence from School on day of Activity

A student who is absent from school after noon (12:00 p.m.) is ineligible for any sport or activity on that day unless the absence has been approved in writing from the principal. Allowable absences in this case may be for one of the following (this is not all inclusive): doctor's appointment, funeral, college visit, etc. A student who has one or more trancies or who has been suspended from school may be suspended from participation in athletic activities by school officials.

A student who is absent from school on the Friday before a Saturday competition may be withheld from the Saturday event and activities at the sole discretion of the designated teacher, coach or sponsor.

*****If you are unsure whether your excuse is acceptable, obtain approval from the school principal prior to missing school.*****

Weekly and Season Academic Eligibility (per IHSA and IESA guidelines)

Both Calhoun Elementary and Calhoun High School conduct a weekly assessment of all students that are currently participating in extracurricular activities. Eligibility reports of students who are failing are run on Friday and reported to administration and athletic director. Eligibility will be checked during weeks with four or more days. ***ineligibility takes place the following Monday through Saturday***. Eligibility guidelines are as follows:

1. Elementary students must be passing ***all classes/subjects*** in order to be eligible on a weekly basis. When after school tutoring is available, the student must attend tutoring prior to attending practice.
2. High School students must be passing 5 credit classes if they are taking 5; be passing 5 if they are taking 6; be passing 6 if they are taking 7 in the current semester to be eligible. 3. ***High School-if a student is failing two or more classes for three consecutive weeks, he/she will be ineligible for the remainder of the season. Elementary School-if a student is failing one or more classes for three consecutive weeks, he or she will be ineligible for the remainder of the season.***
4. A High School student's eligibility is determined by the first nine weeks, on a week-by-week basis, accumulating those nine weeks only. Beginning in week 10 of a semester, eligibility is determined by a cumulative semester grade. This is the grade a student would receive upon transferring to another school at that time.
5. An Elementary student's eligibility is determined by a cumulative quarter grade that starts on each new quarter.
6. Weekly academic eligibility starts over at the beginning of the 2nd semester and at the beginning of each school year.
7. Teachers are required to have a variety of grades recorded. No student will be reported ineligible until at least three grades have been recorded at the start of a new quarter or semester.
8. A student declared academically ineligible may not participate in any event, meet, match, or contest but may practice with the team/organization.
9. In accordance with IHSA policy, from semester to semester and year to year, students, unless they are entering high school for the first time, shall have passed 5 credit courses (25 hours) for the previous semester.

Each season, one player from each IHSA sport will receive a JAR award.

Only Sophomores-Seniors are eligible.

The student-athlete with the highest unweighted GPA will receive the James A. Ringhausen Award for each IHSA sport for each season.
